

Environmental Statement

Intervention Services Ltd recognises the need for sustainable development and continually aims to improve the environmental effect of its activities, to achieve this we will:-

Establish sound environmental management by:-

- o Meeting or improving upon relevant legislative, regulatory and environmental codes of practice.
- o Developing objectives that target environmental improvements and monitor performance by regular review.
- o Considering any environmental issues in the decision-making process.
- o Developing a relationship with suppliers and contractors so that we will recognise our environmental responsibilities.
- o Educating staff so that they carry out their activities in an environmentally responsible manner.

Provide for the effective use of resources by:-

- e Promoting waste minimisation by recycling or finding other uses for byproducts whenever economically viable.
- o Promoting the efficient use of resources, energy and fuel throughout the organisation's operations.

Co-operate with:-

- o The communities in which we operate.
- o The Government, regulatory bodies and other interested parties with the shared vision of being a good and trusted neighbour.
